

# Bell Technical Solutions Bargaining Update #6

May 6, 2022

Sisters and Brothers,

As previously mentioned, your Bargaining Committee has made significant progress in several key areas identified as priority items, however, we still have major categories to continue discussions on such as benefits and ultimately wages.

Negotiations will continue next week and as such, we have extended our stay in Toronto with the full intention of reaching a tentative agreement by the end of next week.

Moving forward and to ensure the Company fully understands our position, we have notified the Company of our intentions to revoke the following items effective Saturday, May 14<sup>th</sup> at 12:01 a.m.:

1. We will revoke the Overtime Averaging Agreement
2. We will recall T/Managers
3. We will ask our members to decline all future Loan outs

We will NOT settle for less than you deserve, nor will we be pressured into signing an agreement that provides less than what you rightfully deserve!

Thank you for your continued patience and support, it is of the utmost importance. Your committee will keep you informed of future developments.

In solidarity,

**Ontario BTS Bargaining Committee**
